

**IN THE CLAIMS:**

All of the pending claims 1 and 3-9 are set forth below. The status of each claim is indicated with (original), (currently amended), or (cancelled). Please CANCEL claim 2 without prejudice or disclaimer. Please AMEND claims 1 and 4 in accordance with the following:

1. (currently amended) A saucer to hold various kinds of cups and to be used with a microwave oven saucer holder on a microwave oven, comprising:

a cup seating part having a disc shape; and

an engaging part to removably engage with the microwave oven saucer holder ~~provided on the microwave oven~~, wherein the saucer is made of a transparent material and provided on a transparent window of the microwave oven.

2. (cancelled)

3. (original) The saucer according to claim 1, further comprising:

a wall to surround a seat of the cup seating part and perpendicularly extend from an edge of the seat to a predetermined height.

4. (currently amended) The saucer according to claim 3, further comprising:

a helical thread or a helical groove interiorly formed on the wall of the saucer so that the saucer engages with the microwave oven saucer holder when rotating the saucer over the microwave oven saucer holder at a predetermined angle.

5. (original) The saucer according to claim 3, further comprising:

an elastic material layer interiorly provided along the wall of the saucer.

6. (original) The saucer according to claim 5, wherein said elastic material layer

comprises a silicone layer.

7. (original) The saucer according to claim 1, further comprising:

a magnet layer or a magnetic material layer provided at a predetermined portion of the saucer.

8. (original) The saucer according to claim 7, wherein said magnet layer or

magnetic material layer is interiorly provided along the wall of the saucer.

9. (original) The saucer according to claim 7, wherein said magnet layer or magnetic material layer is provided on an outer surface of the seat.

10. (cancelled)
